

No.28, Basic Type CG1CG2G1G2

Glide-reflect the arbitrary line AB to CD (glide-reflection axis H_1I_1). Draw the arbitrary line BC and glide-reflect it in the glide-reflection axis H_2I_2 which is perpendicular to H_1I_1 , towards FE (E arbitrary.) Connect D to F by a C -line and connect A to E in the same way.

Number of arbitrary lines: 4

Network: 333333

4 Positions.
